

Downloadable Media

Evance has the following functionality for downloading content.

Media Management

Manage the images and downloads for your pages, categories and products from one central media library.

Purchase Only Downloads

Make downloads only available to those that have ordered a product.

Virtual Products

Products that do not need to be shipped but can be downloaded instead.

Downloads

Upload or link to an unlimited number of product downloads such as PDFs or ZIP files.

If you would like to know more please contact your account manager.
